# Operations and approval process

Discussion items

S. Vallero - LVK satellite meeting on E2E Testing - March 14, 2026

Operations and approval process

- **Who operates the LLPIC** and possibly the Gates?

  - MEG operations?

- **What is under SCCB vs. LLAI review?**

  - Better handling of GitLab tags

- **Search pipelines approval:** do we need new criteria?

- **Search pipelines burn-in period:**

  - Which pipelines need it?

  - O3 or O4 replay?

  - How long?

- **Monthly/weekly deployment window?**

To be understood
by end of March
