5th KAGRA International Workshop
February 14-15, 2019

1st KAGRA-Virgo-3G Detectors Workshop
February 16, 2019
Perugia, Italy

The KAGRA International Workshop (KIW), February 14-15, 2019

Main theme of the KIW centers on the KAGRA project, but also encompasses all related fields such as other gravitational wave experiments, gravitational wave sciences, and multi-messenger astronomy. Everybody interested in contributing to the KAGRA project and gravitational wave science in general is welcome to join the meeting.

The 1st KAGRA-Virgo-3G Detectors Workshop, February 16, 2019

The 1st KAGRA-Virgo-3G detectors workshop will exploit the synergies between KAGRA, Virgo and 3G observatories consolidating the long standing collaboration tradition between the corresponding scientific communities.
