

# Stakeholder report

## Stakeholder update

- Pandemic has been difficult to establish new links, especially outside of the immediate contacts
- Discussed with business development manager at Glasgow on possible new contacts
- Contact with Optos (Nikon company for medical instrumentation) on possible project involving GANs
- Online meeting with Data Lab on 20 October
- Future meeting with Clyde Space (aerospace company)
- Kaggle challenge is doing very well, thanks to Christopher Zerafa, Chris Messenger and Michael Williams!
- Christopher Zerafa is proposing for a joint project with NVidia
