

IGrav MMA working group

Sept 2022

IGrav MMA Sept 2022

13 attendees

co-Chairs: Zsuzsa Marka & Chris North

Actions:

- Form for collecting suggested names to reach out to:
<https://docs.google.com/forms/d/e/1FAIpQLScKbON8iYx-0rOVgBL8zsFtUxXla-Donfr5PEFqWoDQ3-4aKQ/viewform>

Other conferences to represent at

- SpinsUK (November 2022)
- CAP conference (TBC)

Suggestion to invite scientists to online/hybrid MMA outreach meeting:

Plan for March 2023

Could feed into Formal Education workshop

What do we mean by MMA resources?

- Specific multi-messenger activities
 - Activities linked to other messengers (e.g. radio astronomers)
 - The latter feed into the former?
- 

MMA exhibits:

- Suggestion for Multi-sensory exhibit including light and touch (vibrations)
- Tactile Universe - combining GW with EM images
- Need activities that work outside
- Nice progression from multi-colour to multi-wavelength to multi-messenger
 - LHO Multi messenger activity (audio + video)
 - Chandra has nice Multi wavelength activities (<https://chandra.harvard.edu/photo/>) - largely centred on science communication (rather than education)
- Taiwan activities (Surojit) - interactive tour of Taiwanese activities:
https://drive.google.com/file/d/18OKMowoo_CCwBwZ1k6bVW9ZTTbe7IKo0/view

New co-Chair: Vasileios Skliris (replacing Chris North)

Next meeting ~November (online)
