

The bidbook(s) preparation what, who, when, how?

Tomek Bulik

What is the aim?

- Bidbook:

should contain all the information regarding the proposed site, its characteristics,

but also the information about the country and specifics of the bid to build ET

Who?

Coordinator

Italian team

Dutch team

German team

When?

- Start now
- Should be ready well ahead of the site decision

How?

- Identification of country leaders and their teams
- Preliminary version
- Improvement and corrections if required
- Final versions

Questions

- Organization of local teams
- Do the teams want to collaborate?
- My role – to aid in the process and enforce deadlines

Immediate action item

Formation of local teams!
