

THE DEPTH OF LANDSCAPE

Perspectives, directions and design methods
towards complex stratifications

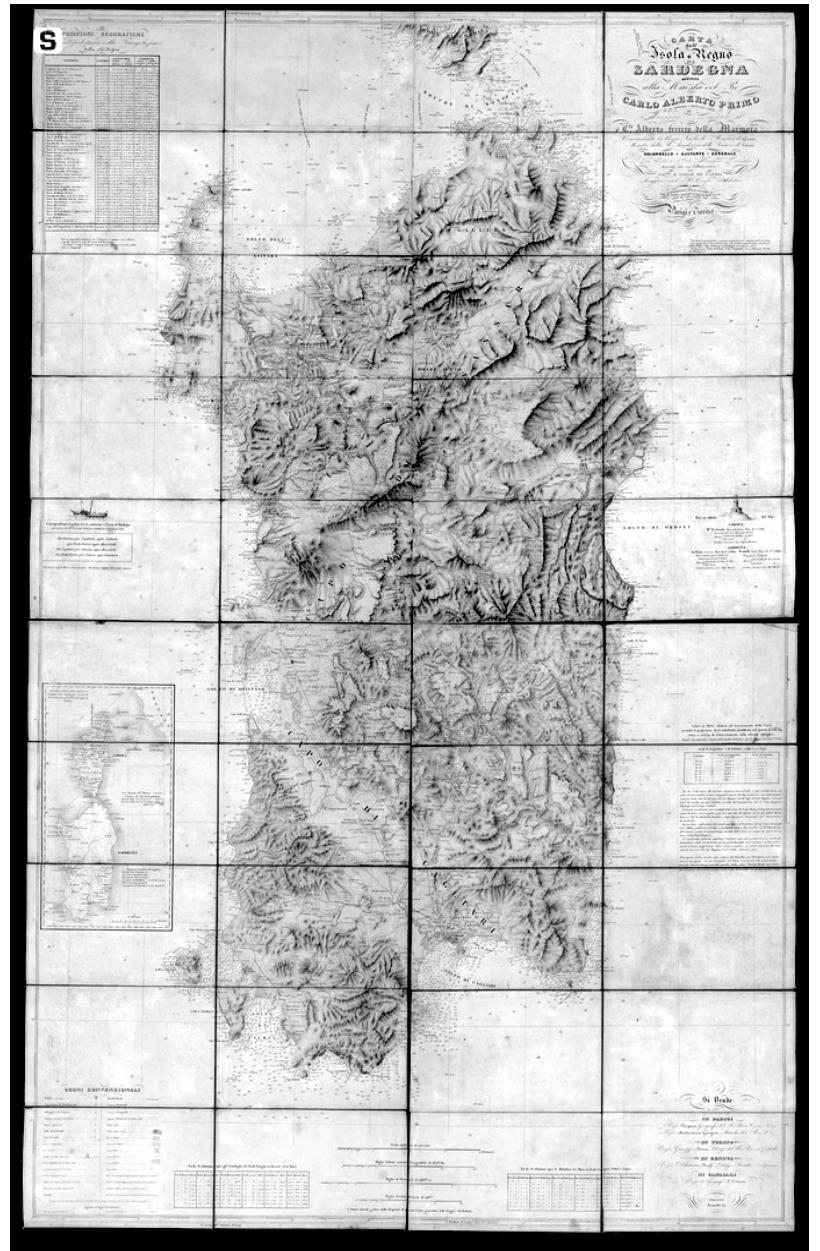

Università degli studi di Cagliari, DICAAR

Carlo Atzeni, Stefano Cadoni, Massimo Faiferri, Stefano Mais,
Silvia Mocci, Marco Moro, Fabrizio Pusceddu

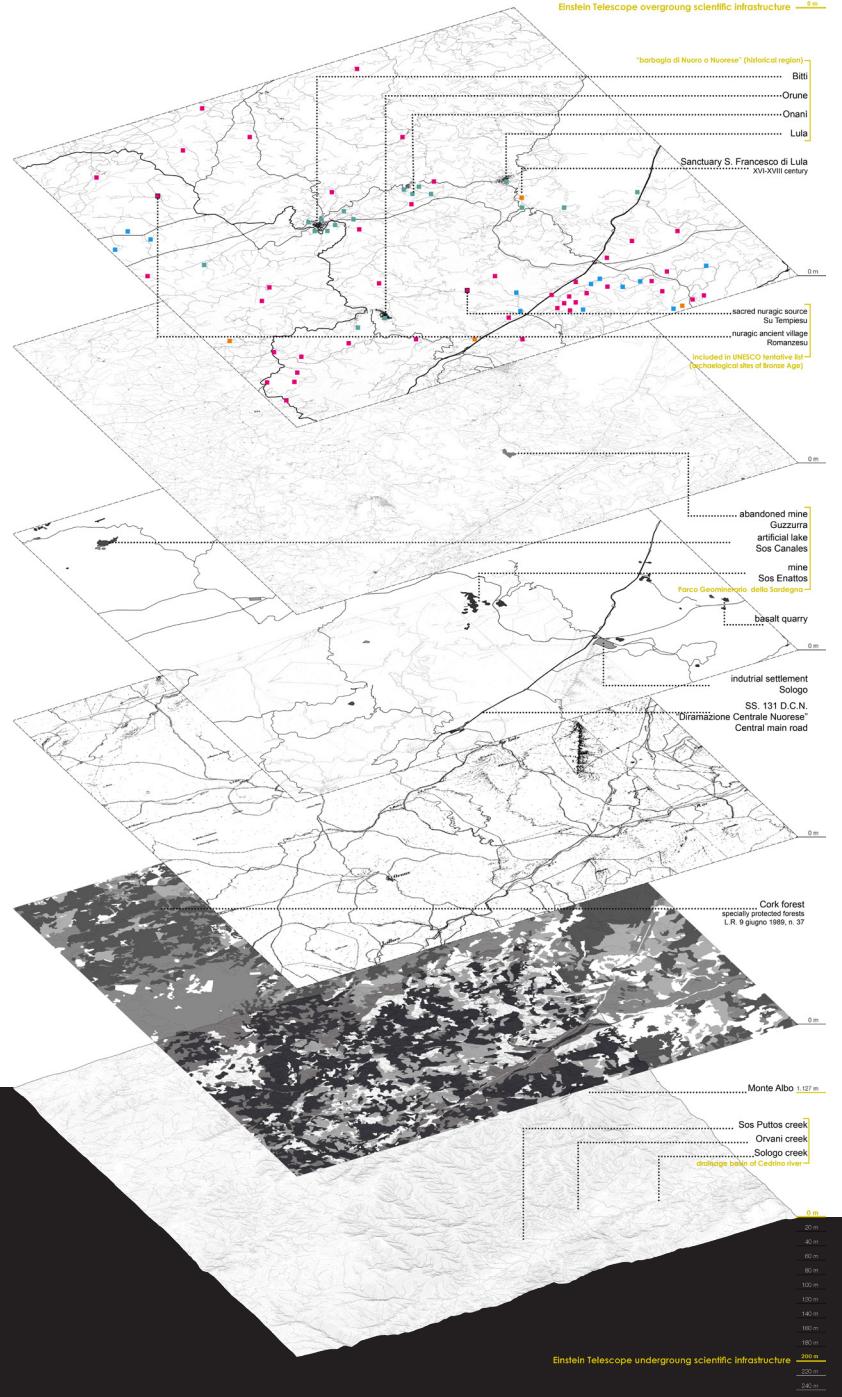

The complexity of landscape

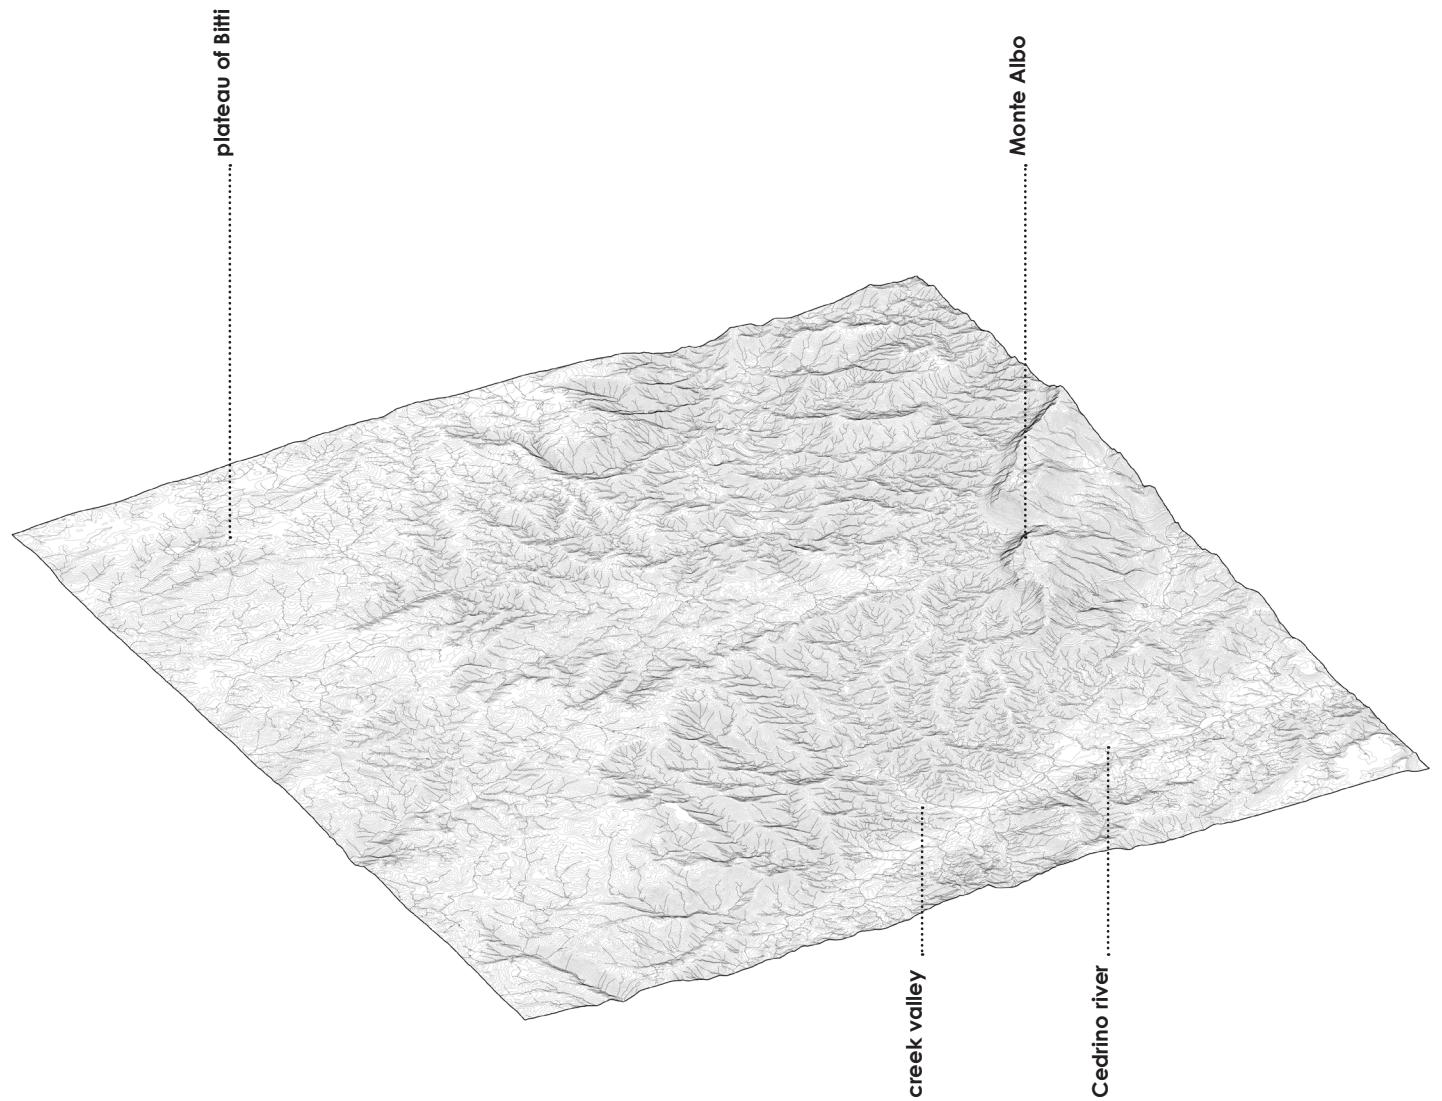

The cartography of landscape (De Candia, La Marmora, mid-1800s)

Methodology - the depth of landscape

Geography of places

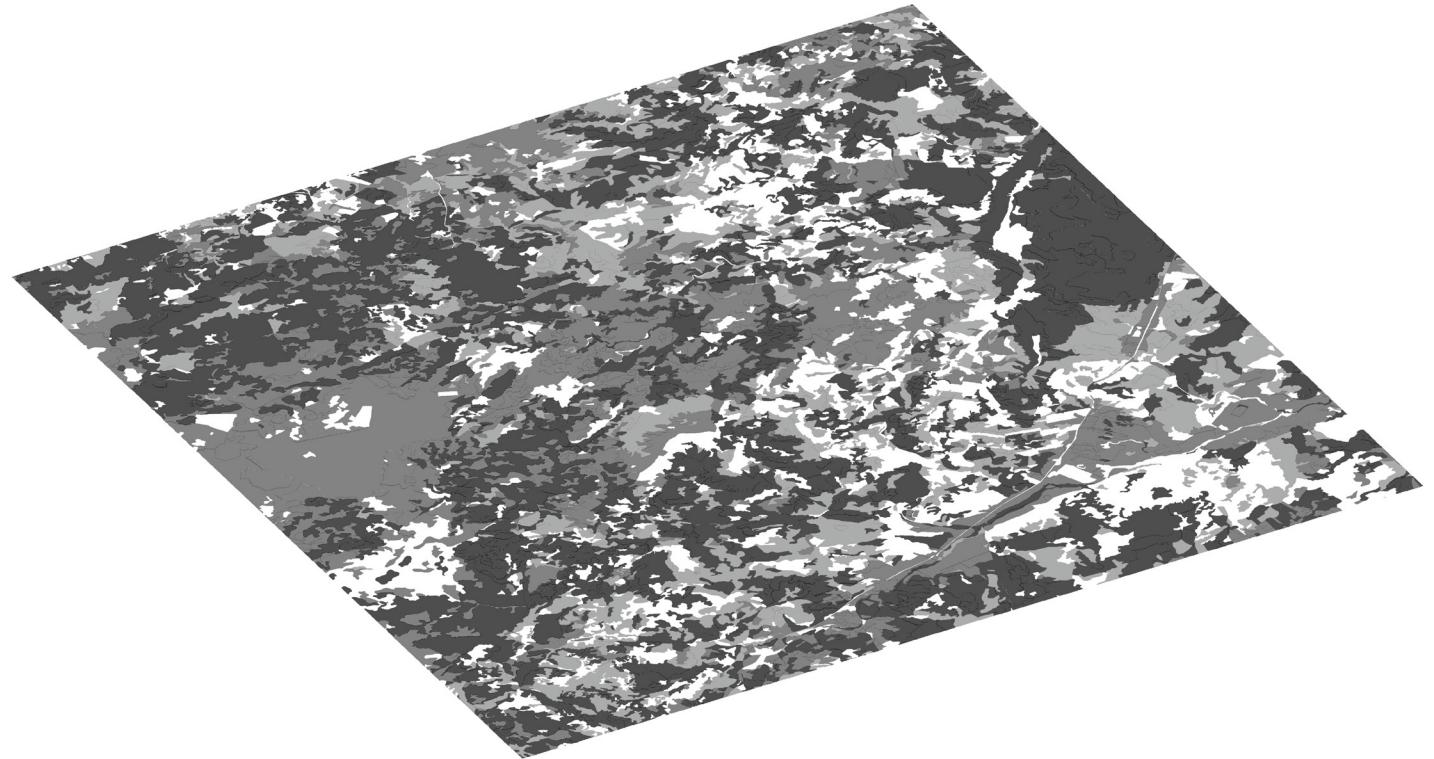

Bitti

Onani

Lula

Land use

forest ecosystems	
	25.173 ha
specialized crop	
	14.888 ha
mediterranean bush	
	11.329 ha

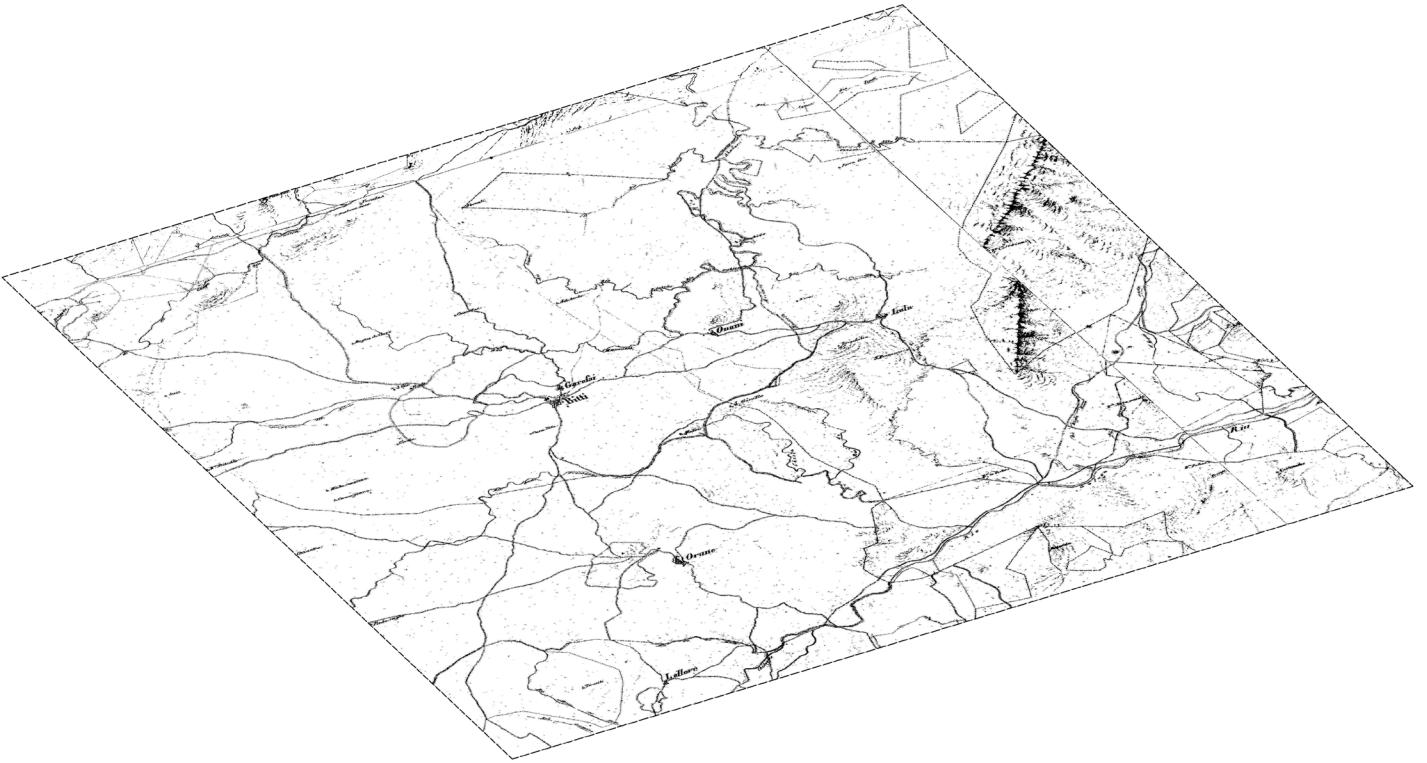

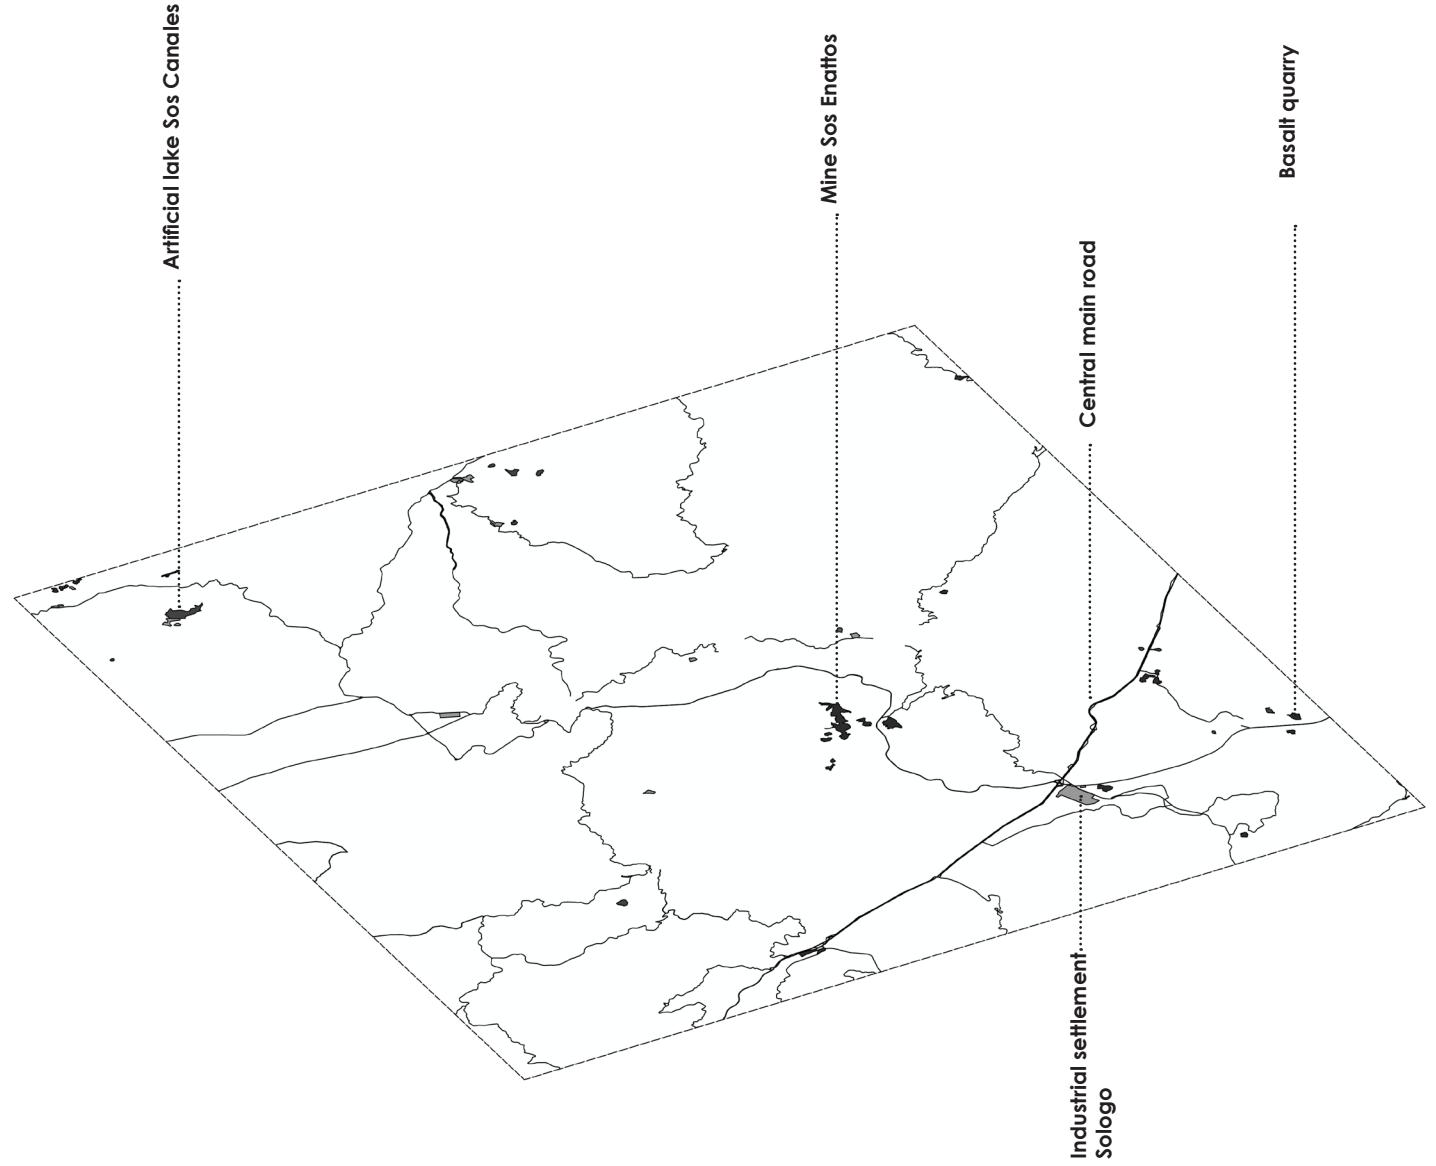

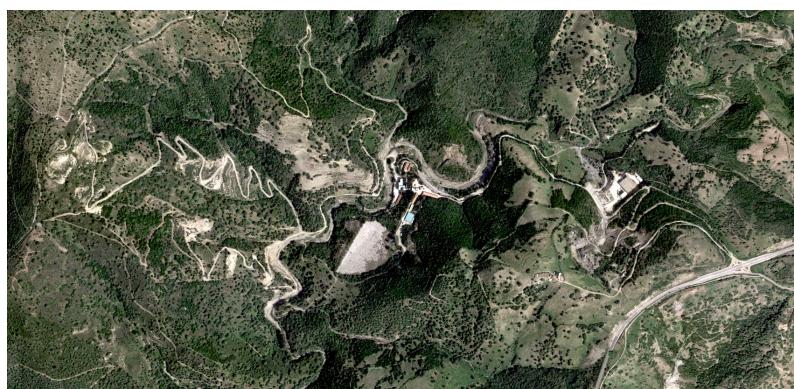

Historical settlement system

The cartography of De Candia, La Marmora (mid-1800s)

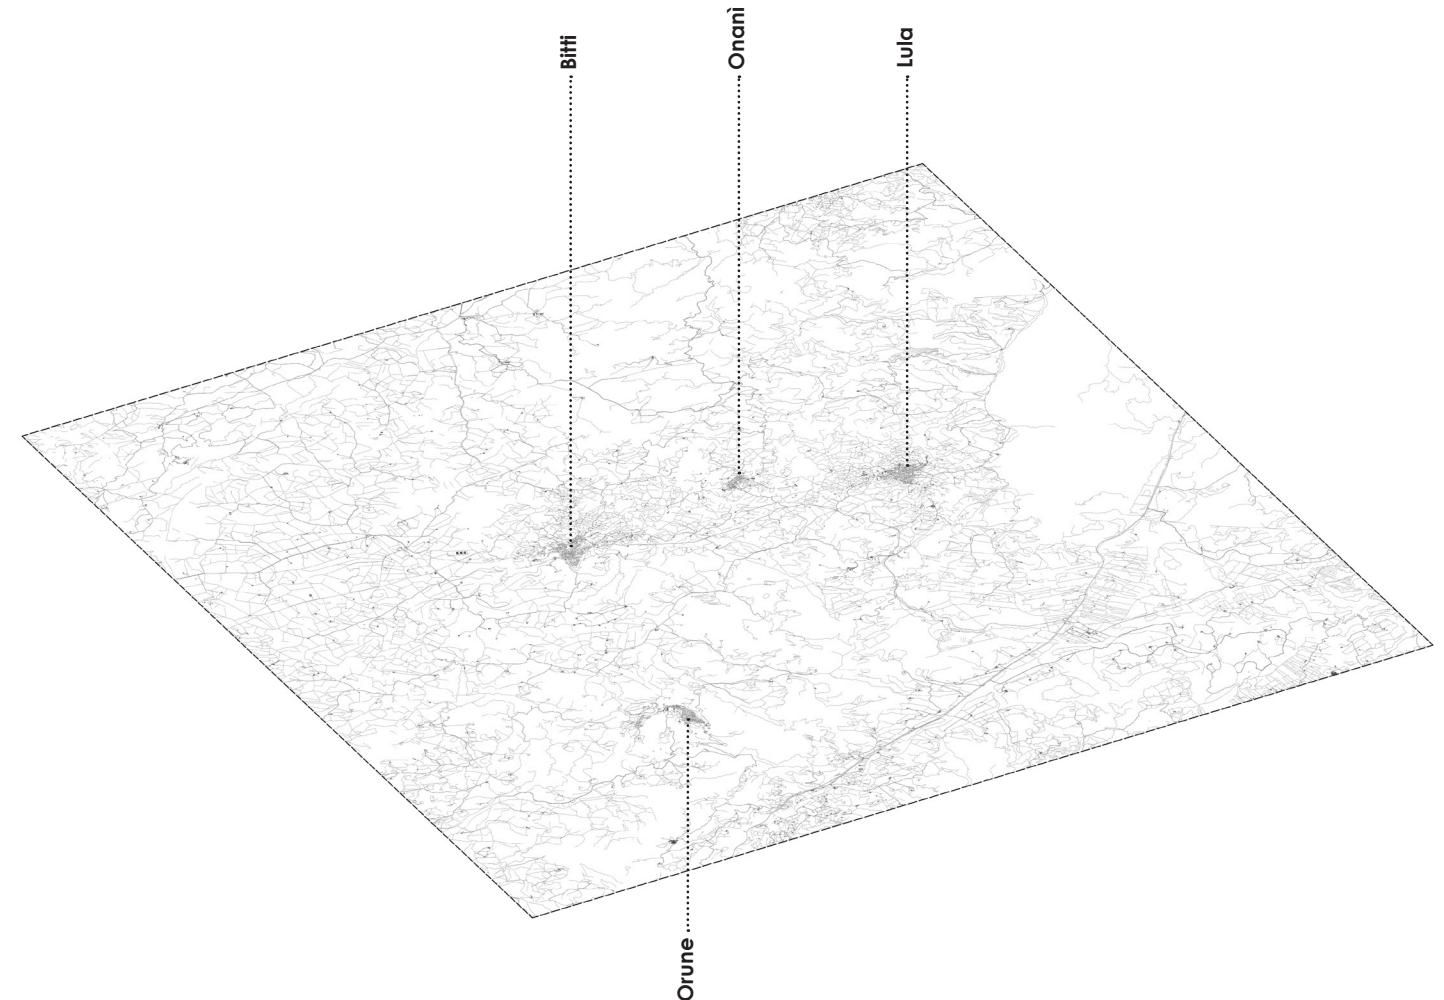

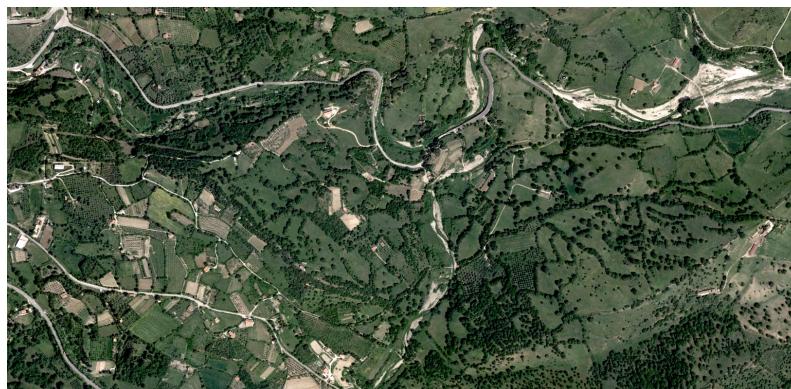

The cartography of IGM (1960)

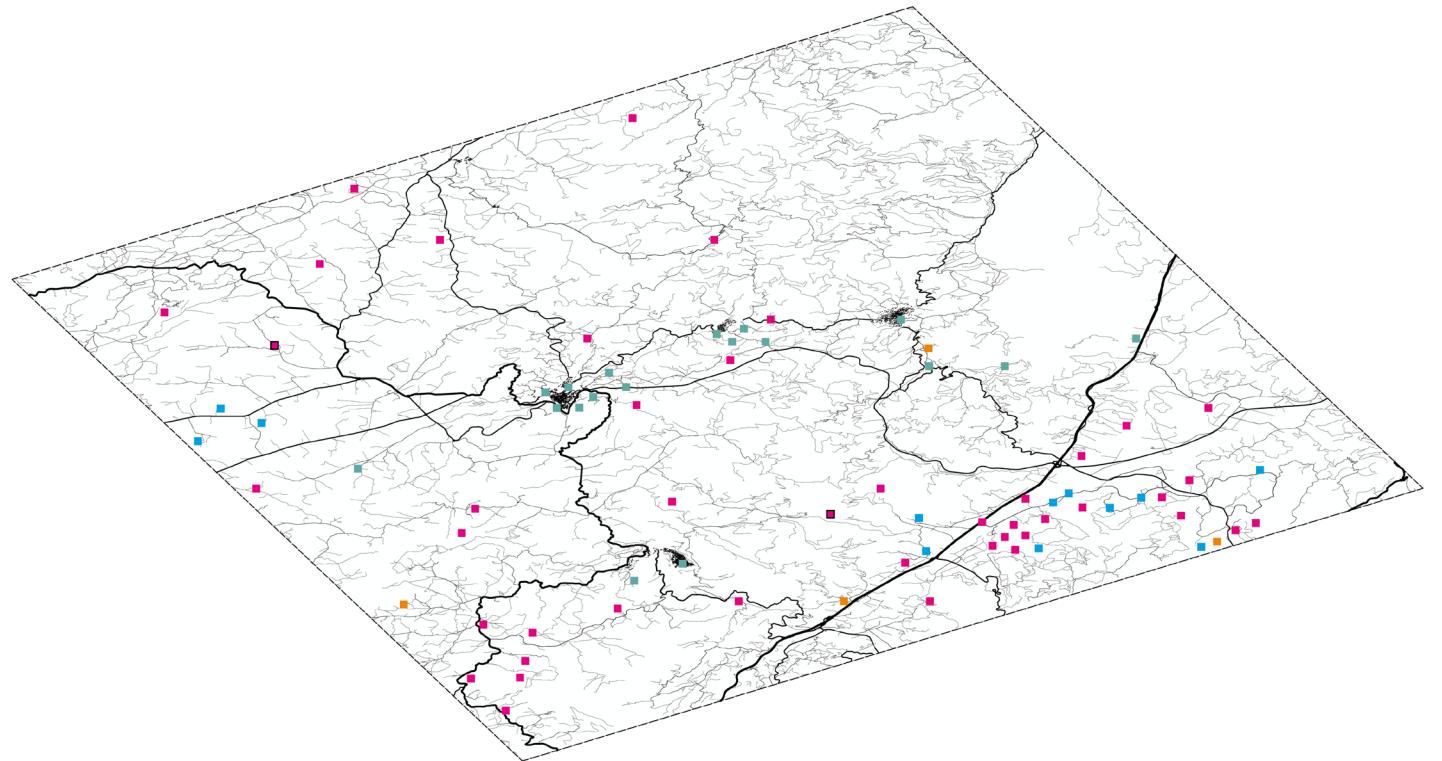

Infrastructure system and mining

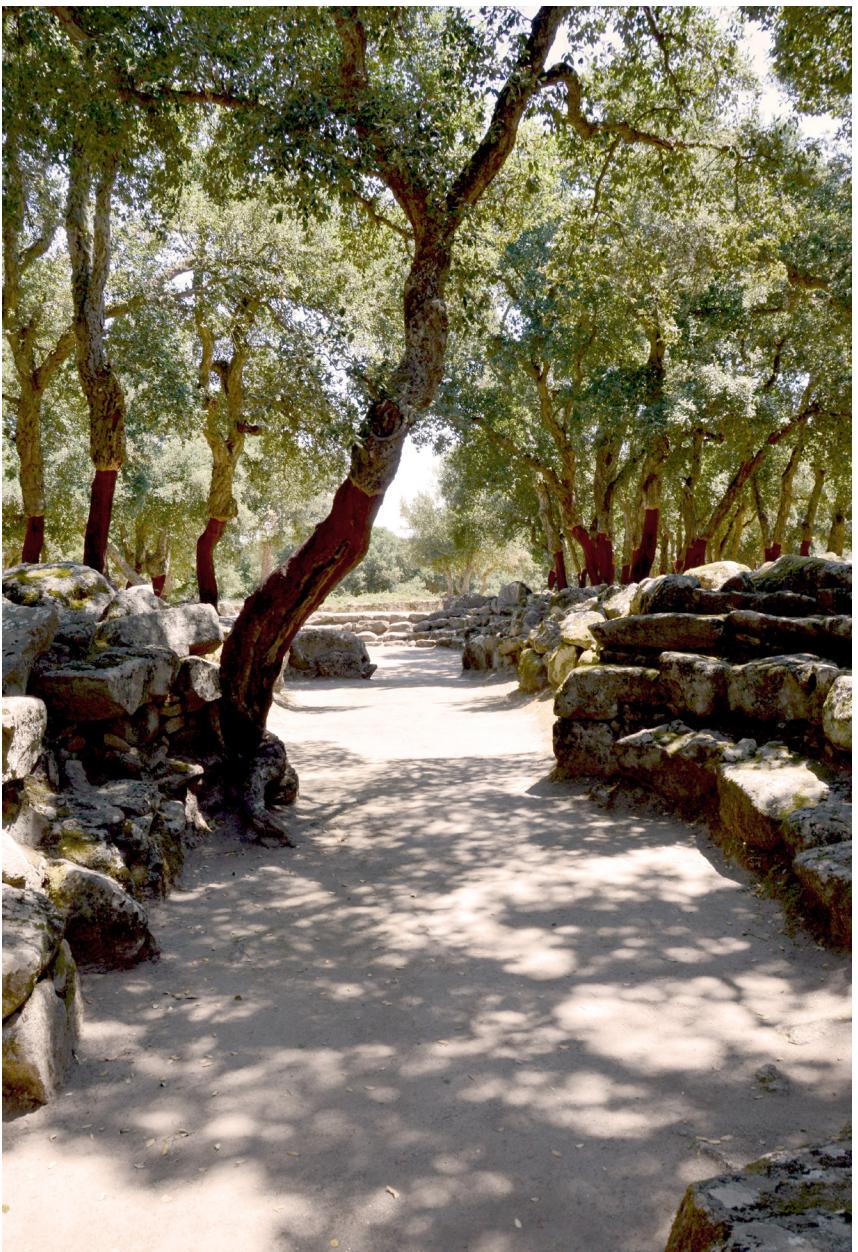

Rural system and territorial parcellation

Settlement system and heritage

- archaeological sites ■
- tentative list UNESCO ■
- religious presidium ■
- sanctuaries ■
- historical settlement ■
